

# HISTORIC TREASURE OF NAVY LST SHIPS

The National US LST Association has collected every issue of the famous "LST Scuttlebutt" plus all four volumes of the hard cover books "Large Slow Target", written by our own famous author Melvin Barger. This includes the book on building the LST. Shipmates Mel Barger and Bob Busch, editor of the "LST Scuttlebutt", are Founding Members along with G. Wayne Hessemer, Donald Kinney, Johnny Jarzeboski, and Milan Gunjak of the National US LST Association. The entire Board of Directors voted to have all of this information transcribed to a DVD disc for posterity. This protocol has been a long term endeavor and the results are now available to our own shipmates and the public in this compact form.

One of the features about this transcription is the ability to use what is called O.C.R. with a computer. O.C.R. stands for Optical, Character, Recognition. This means that a name or subject can be entered in the computer and it will display everything in format on that subject such as ship numbers or shipmates etc. This is a phenomenal computer capable activity.

If anyone has misplaced any of the old issues of the "LST Scuttlebutt" or did not purchase the beautiful hardbound "Large Slow Target" books, this small DVD disc will become a great reference venue for family members in years to come.

To order a copy of the DVD please fill out the information below and send your payment to:  
**United States LST Association, PO Box 167438, Oregon, OH 43616-7438**
